## **Kelly Bronze Turkeys**

The unique Kelly Bronze is a breed that was reared over 75 years ago, the birds live as nature intended, with lots of exercise and a natural diet. These turkeys are twice the age of a standard as maturity has the biggest single impact on taste. Meaning a Kelly Bronze has well marbled meat and award-winning flavour.

## **Huxley Turkeys of Shifnal**

Our super local Turkey farmers from Shifnal! Their hen turkeys are bought in and reared in barns open to the elements and bedded on straw produced on the farm.

White and bronze turkeys are available, a fabulous range of turkey breeds are selected for their wonderful broad breasted confirmation. Turkeys have now been reared by the Huxley family for three generations.

## **Our Game**

From pheasant to partridge, venison to Game pie, we have you covered. Our pheasants & partridge are from the Apley Park shoot on the estate. They are reared from one day old when they are kept under heat in the rearing sheds. As they begin to grow, they are given more freedom, slowly letting them roam freely.
